### **DETAILED ACTION**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Laura A. Cruz on 4/30/2007.

The application has been amended as follows:

On line 8 of claim 15, please replace "circular" with --cylindrical--.

### ***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance: The prior art made of record did not disclose or suggest a method of using a guidewire with a rapid exchange-type catheter comprising loading a guidewire into a guidewire channel and engaging the guidewire with a guidewire exit tool including the structural limitations recited in claims 8 and 15 to lift the guidewire out of the channel.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
